**SUBJECT: Administrative Amendment #19 to the 2004 Federal
Transportation Improvement Program**

Dear Mr. Robledo:

Enclosed is the documentation for Administrative Amendment #19 to the Federal Transportation Improvement Program. The Executive Director has the authority to approve all administrative amendments. State and Federal approval is not required.

FTIP Amendment #19 changes the following:

1. Daggett Rd – CTIPs ID# 21200000229 – Makes a minor scope change to clarify project limits. Description is as follows: Improve SR-4/Daggett Road intersection, reconstruct Daggett Road from SR-4/Daggett Road intersection to the Burns Cutoff Bridge.

The required documentation is enclosed.

1. CTIPs reports.

SJCOG certifies this amendment does not impact the current Air Quality Conformity Analysis, timely implementation of TCM's or financial constraints and does not result in major scope changes to these already approved projects.

According to Table 1. Minor Changes: e.g. changes consistent with Caltrans' administrative procedures and statement describing the changes being made:

The project scope change is a clarification of the project limits and description. Additionally the project is identified in the previously approved conformity analysis and in the current approved conformity analysis. The project is conformed based on the revised/clarified project description.

If you have any questions regarding this amendment, please contact me at
(209) 468-3913.

Sincerely,

ANDREW CHESLEY
Interim Executive Director
